

# LINKDECK

## PROFESSIONAL CENTRAL CONSOLE OF KILOVIEW ECOSYSTEM

LinkDeck is the product that can centrally link and control all Kiloview products including Kiloview Multiview, NDI CORE, NDI Recorder, KIS, PTZ cameras and even 3rd party systems. It consists of 5 modules including Panel Deck, Take Deck, Zoom Deck, KIS Deck and PTZ Deck. Panel Deck has a 10.1" touch screen to preview and control the whole process remotely. Other decks also have its own functions to build a complete solution.

Modular Design, working independently or collaboratively

Easy operation with soft and physical keys

Web-based technology for real-time control

Open for customization everything can be controlled
